HOME MAINTENANCE CHECKLIST

It's that time of year when the sun begins to shine, the temperature slowly increases, and we're all anxious to get outside and ... definitely NOT tackle home repairs! Given the option, few of us would volunteer to spend a Saturday on a ladder pulling leaves out of a gutter, but standard home maintenance is important and keeps your home running efficiently. The ID8 team created this spring maintenance checklist to help keep your home in great condition for the rest of the year!

EXAMINE ROOF

GIVE YOUR HOME A BATH
