

MADISON HOFFMAN

ARCHITECTURAL INTERN

ASSOCIATE AIA

Maddy joined the team in May 2022 as our Graduate Architectural Intern. She is currently working towards her M.Arch from South Dakota State University and will graduate in August of 2023.

Her favorite part of the design process is the initial discovery and idea generation that happens at the beginning of a project. Compiling the dreams and desires of a client alongside initial site data into a proposed design and then later seeing those ideas come to life in the drawings is a satisfying endeavor for her.

Her three years of background in the real estate sector has grown Maddy's passion for residential design and development master planning.

PROJECT ROLE

As a Graduate Architectural Intern, Maddy assists projects in preparing site planning as well as the architectural plans, details, specifications, and drawings for buildings and structures; prepare plans and specifications for furniture and equipment; and perform other related duties as needed throughout the project.
